

Hi Everyone,

First, a savings tip for you. Last week I took my annual fishing trip to Alaska. I fly through Seattle to get to Alaska. This year the ticket to Alaska was \$400 less if I spent a night in Seattle and then flew on to Alaska the next day. While in Seattle I went to the number one attraction according to Trip Advisor, the Chihuly Garden and Glass. I was totally unprepared by the stunning beauty of the glass in this exhibit and garden.

As I was looking at the beautiful glass I couldn't help but ponder a question.

Has anything ever happened in your life that you were totally unprepared for? There are sensible things we can do to prepare us for most of life's happenings. Having a good savings plan and paying down credit card debt are two things that immediately come to mind. But sometimes life throws us a curve and we are unprepared. If life has thrown you a curve and you don't know which way to turn give us a call and tell us your story. We want to help you sort things out.

Next time you are traveling somewhere if you have an extra day see if spending a night in a transfer city saves you any money. I could hardly believe that I saved so much money staying a night in Seattle. And if you're ever in Seattle don't miss the Chihuly Garden and Glass. It has a beauty I can't begin to describe to you. You need to experience it.

Till Next Time,
